Care management

We put you at the center of what we do. We provide community-focused support for our members. This is part of our Integrated Health Neighborhood™ model. Our team works with you to coordinate your healthcare and connect you with local resources.

If you qualify, we’ll give you a care manager. They can help you create an individual service plan. This will be based on your health goals and desires.

Your care manager can:

• Work with you to create your individual service plan
• Answer questions about your healthcare needs
• Help you decide if you should go to your PCP or go to an urgent care center or emergency room
• Help you find services and resources in your community
• Set up a no-cost ride to your doctor visit

If you have questions about the care management program, call us at 1-800-424-5891 (TTY 711).
How to get emergency, urgent and after-hours care

What is an emergency?
An emergency is when you have an illness or injury that could cause serious injury or death if it is not treated right away.

What do you do in an emergency?
Call 911 or go to the closest emergency room right away. You don’t have to call MCC of AZ first. Prior authorization is not needed for emergency services. You can go to any hospital for emergency care, even if you are in another city or state.
Let the hospital know you’re a member of MCC of AZ. Show them your member ID card.

What is urgent care?
Urgently needed care is care you need for a non-life threatening, sudden illness, injury or condition that isn’t an emergency, but needs attention right away.
Some examples of things you would get urgent care for are skin rashes, infection, flu, sprains and minor cuts.

Where do you go when you need urgent care?
If it’s during the workday, call your primary care provider (PCP). If you’re not able to see your PCP, or if it’s after hours, you can go to one of the urgent care centers we work with.
To find a list of urgent care centers, visit www.MCCofAZ.com or call Member Services at 1-800-424-5891 (TTY 711).
Behavioral health crisis

You can call the 24/7 Behavioral Health Crisis Line for your county at any time to get help with a behavioral health crisis.

The crisis line is confidential and open to anyone who needs help, not just Medicaid members. Trained crisis intervention specialists are available to help you over the phone.

Some signs of a behavioral health crisis are:
- Thinking about or being afraid you might hurt yourself
- Thinking about or being afraid you might hurt someone else
- Hopelessness
- Not wanting to do things you like
- Not wanting to be with your friends or family
- Mood swings, anxiety or getting angry easily

For a life-threatening emergency, call 911.

Behavioral Health Crisis Line phone numbers:
- Maricopa – 1-800-631-1314 or 602-222-9444
- Gila – 1-877-756-4090
- Pinal – 1-866-495-6735

For young people:
- Teenlife Line: 602-248-TEEN (8336) (call or text)

For Veterans:
- Veterans Crisis Line: 1-800-273-TALK (8255) (press 1)
- Be Connected: 1-866-4AZ-VETS (429-8387)

Additional Arizona Crisis Lines:
- Northern Arizona (serving Apache, Coconino, Gila, Mohave, Navajo and Yavapai Counties): 1-877-756-4090
- Southern Arizona (serving Cochise, Graham, Greenlee, La Paz, Pima, Pinal, Santa Cruz or Yuma Counties and San Carlos Apache Reservation): 1-866-495-6735
- Gila River and Ak-Chin Indian Communities: 1-800-259-3449
- Salt River Pima Maricopa Indian Community: 1-855-331-6432
- Tohono O’Odham Nation Crisis Line: 1-844-423-8759

The National Suicide Prevention Lifeline
The National Suicide Prevention Lifeline is a national network of local crisis centers providing emotional support to people in suicidal crisis or emotional distress 24 hours a day, 7 days a week. Call to talk to someone who can help. If you have thoughts about harming yourself or someone else, you should get help right away by calling 911.

Call:
- The National Suicide Prevention Lifeline: 1-800-273-TALK (8255)
- The National Substance Use and Disorder Issues Referral and Treatment Hotline: 1-800-662-HELP (4357)

Text:
- Text the word “HOME” to 741741

These crisis lines provide immediate and confidential help. Types of crisis services available include:

24/7 Crisis Line—Trained crisis intervention specialists are available, every day of the
year, to help over the phone. The Crisis Line is confidential and is open to anyone who needs help.

23-hour crisis observation and stabilization units—Crisis stabilization units provide supportive outpatient therapy for up to 23 hours. Members will stay on the unit until the crisis has resolved. 23-hour crisis observation and stabilization units are voluntary.

Crisis Response Network (CRN) Warm Line (24 hours a day)—The Warm Line is a no-cost and confidential telephone service staffed by peers who have, themselves, dealt with behavioral health issues. Warm Line specialists offer peer support for members who need someone to talk to. Please call 602-347-1100 to talk to someone right away.

Mobile teams—The crisis line provider works to get you help where you are. As needed, crisis specialists can send a mobile team of trained crisis intervention specialists to you or your loved one to conduct a face-to-face assessment and intervention. A mobile team can meet you in the community and get you somewhere that’s safe.

Emergency room-based assessments—Crisis lines can arrange for assessments during emergency room visits. This service can help identify clinically appropriate services for individuals experiencing a serious behavioral health crisis.

Arizona Opioid Assistance & Referral (OAR) Line
The Arizona OAR Line is a 24/7 hotline that helps anybody with pain and opioid use disorders. This hotline is answered by medical experts at the Poison and Drug Information Centers in Arizona. For help, call 1-888-688-4222.

You may access substance use treatment services through our network of providers. They can help treat substance use disorders. You can find a provider online at www.mccofaz.com/find-a-doctor-or-pharmacy/find-a-doctor/ or by calling Member Services at 1-800-424-5891 (TTY 711) Monday through Friday from 8 a.m. to 6 p.m. local time. Magellan Complete Care of Arizona also has behavioral health professionals who may assist you with locating a provider in your area.
Getting culturally competent materials and services

If you need help understanding information

We provide no-cost help and services, including auxiliary aids, to people with disabilities. We want you to be able to communicate with us easily. We offer:

• Qualified sign language interpreters
• Written information in many formats. These may include:
  − Large print
  − Audio
  − Accessible electronic formats
  − Other formats

Contact us at 1-800-424-5891 (TTY 711) if you need any of these services.

If you don’t speak English

We provide language services at no cost to people whose first language is not English. We offer:

• Qualified interpreters
• Information that is written in other languages

We indicate which providers speak other languages in our provider directory. To find a provider who speaks another language, visit www.MCCofAZ.com and choose “Find a Provider.” The MCC of AZ provider directories will let you know if a provider’s office has interpreter services available. If you have any other cultural needs or if you need help finding a provider that speaks a language other than English, please call Member Services at 1-800-424-5891 (TTY 711) Monday through Friday from 8 a.m. to 6 p.m. local time.

Accommodating physical disabilities

If you need assistance finding a provider or seeing if a network provider can accommodate your needs, please contact Member Services at 1-800-424-5891 (TTY 711). You can also find information in our provider directory online at www.MCCofAZ.com using our Find a Provider tool.
How to find a doctor or provider

We work with different doctors and providers. As an MCC of AZ member, you can choose the providers you see from the list of providers we work with. This is called “in-network.”

The list of the providers we work with is called the provider directory. This lists all of the providers, hospitals, urgent care centers and pharmacies that work with MCC of AZ.

All members need to see providers who work with MCC of AZ. If you don’t, your visit might not be covered. If you have any questions, call Member Services at 1-800-424-5891 (TTY 711).

How to get care from out-of-network providers

Magellan Complete Care of Arizona is a managed care plan. You should use the providers in our contracted network. You can call Member Services at 1-800-424-5891 (TTY 711) Monday through Friday from 8 a.m. to 6 p.m. local time to check if a provider is in our network.

Normally, we do not pay for out-of-network care, except emergency care and family planning services, or when you are coming from another health plan, or there are no providers within certain time and distance standards.

However, if we do not have a specialist in the MCC of AZ network to give you the care you need, we will get you the care you need from a specialist outside of our network. You can ask your PCP to submit an authorization to see an out-of-network provider.

An out-of-network provider can also ask for a prior authorization to treat you. If the request is approved, you can see the out-of-network provider.

If you present to a non-contracted provider, please call Member Services at 1-800-424-5891 (TTY 711) so we can help you find an in-network provider.

How to get a provider directory

To get the provider directory:
• Go to our website at www.MCCofAZ.com
• Call us at 1-800-424-5891 (TTY 711) and request a printed version be mailed to you at no charge
About MCC of AZ and managed care

Areas we serve in Arizona

We are proud to provide access to Medicaid and KidsCare benefits to members in the Central region. This includes the Gila, Pinal and Maricopa counties. We do not serve members in ZIP codes 85542, 85192, 85550. These are included in the South region.

Magellan Complete Care of Arizona (MCC of AZ)

MCC of AZ is a health plan, or managed care organization. We give access to both behavioral health and physical health services.

We help members who are eligible for Medicaid and KidsCare benefits get the behavioral health and physical health services they need.

If you’re eligible for Medicaid or KidsCare, you’ll have a health plan – that’s us! We will work with your doctors and providers to pay for your medical services, help you get rides to your appointments, help get you the prescriptions and medical equipment you need and more.
You should see your primary care provider (PCP) for your annual visit and see your PCP when you’re feeling sick (unless it’s an emergency and you need care right away). This will help your PCP get to know you and your healthcare needs.

**Your PCP is your personal doctor who will manage all of your healthcare.** Your PCP is the “gatekeeper” for your health. This means that your PCP will arrange for most of your healthcare needs. Your primary care provider (PCP) is your doctor who will give you the healthcare services you need. It is important to see your PCP at least once a year, but it’s especially important to visit them when you’re feeling sick.

Your PCP understands your healthcare needs. If you need specialty care, they can refer you to a specialist. Your PCP may treat behavioral health conditions too. If you have a behavioral health condition, your PCP may decide to refer you to a behavioral health specialist to manage your care. It is important to let your PCP know if there have been any changes to your health. This way they can give you the care that you need. Your PCP should know about any other providers you are seeing and if they have given you any medicine(s).

Your PCP plays an important role in making sure all of your healthcare is coordinated between all of your providers. Going to your PCP for your healthcare helps you build a relationship so they know you and your health history.

PCPs can also help with:
- Substance use disorders
- Anxiety
- Depression
- Attention Deficit Hyperactivity Disorder (ADHD)

To access these services, you need to make an appointment with your PCP or call Member Services at 1-800-424-5891 (TTY 711).

You can also give us a call if you would like to change your PCP.
Your member ID card

If you have an Arizona driver’s license or state-issued ID, AHCCCS will use your photo from the Arizona Department of Transportation Motor Vehicle Division for verification purposes.

When you go to a provider, your photo will show up next to your coverage information. This helps protect you and prevent anyone else from using your ID card.

You are responsible for protecting your member ID card. Any misuse of your card, including loaning, selling or giving it to others could result in losing your eligibility or in legal action. Make sure you keep your ID card in a safe place and do not throw it away.

When you become an MCC of AZ member, we’ll send you your member ID card in the mail. Make sure you keep this safe. Bring your member ID card with you when you:

• Get behavioral health services
• Get physical health services
• Fill a prescription at the pharmacy

In case of emergency, go to the nearest emergency room or call 911. Notify MCC of AZ as soon as possible within 48 hours of being admitted.

24/7 CareLine (Nurse Triage Line): 800-424-5891 (TTY 711)
Transportation: 800-424-5891 (TTY 711)
Claims/Billing/Authorization/Eligibility: 800-424-5891 (TTY 711)
Pharmacy: 800-424-5891 (TTY 711)
Website: www.MCCofAZ.com
Mail claims to: Payer ID #:
MCC of AZ, P.O. Box 1105 MCC01
Elk Grove Village, IL 60009-1105

Carry this card with you at all times. Present it when you get service. You may be asked for a picture ID. Using the card inappropriately is a violation of law. This card is not a guarantee for services. To verify benefits visit www.MCCofAZ.com.
What to expect as an MCC of AZ member

Member rights

Each member has the right to:
A. Be treated carefully, with respect and privacy for his or her dignity and privacy.
B. Be treated fairly, whatever your:
   • Race.
   • Religion.
   • National origin.
   • Gender.
   • Age.
   • Ethnic background.
   • Disability.
   • Behavioral health condition (intellectual).
   • Sexual preference.
   • Genetic information.
   • Source or ability of payment.
C. Have your treatment and other information kept private. We share treatment records without your okay only when the law allows it.
D. Get care easily and when you need it.
E. Be able to get an emergency/replacement caregiver for critical services within two hours.
F. Learn about treatment options and in a way that:
   • Respects your culture.
   • You can understand.
   • Fits your needs.
G. Take part in making your plan of care.
H. Get information in a language you can understand. Know about providers who speak languages other than English. And get things translated at no-cost.
I. Get information in other ways if you ask for it.
J. Get information about Magellan Complete Care of Arizona and its:
   • Providers.
   • Programs.
• Services.
• Role in the treatment process.

K. Get information about clinical rules followed in your care.

L. Ask your providers about their work history and training.

M. Not be kept alone or forced to do something you do not want to do. This is based on a federal law.

N. Give your thoughts on the Rights and Responsibilities policy.

O. Ask for a certain type of provider.

P. Have your provider make care decisions based on the treatment you need.

Q. Get healthcare services that obey state and federal laws about your rights.

R. Help make decisions about your healthcare. This includes the right:
   • To get a second medical opinion from a qualified healthcare provider within the network or have a second opinion arranged outside the network at no cost to you.
   • To say no to treatment. This is your right unless the court says otherwise.

S. File a complaint or grievance about:
   • Magellan Complete Care of Arizona.
   • A provider.
   • The care you receive.

T. File an appeal about a Magellan action or decision. You can ask for a State Fair Hearing if you are not happy with the result of the appeal.

U. Sign a form saying that you know your health information may be shared in a public way during the State Fair Hearing process. This applies if your provider asks for a State Fair Hearing for you. Your provider will need you to sign this form.

V. Request and receive a copy of your medical records at no cost once a year:
   • If there are any changes needed to your medical records, you may request these be changed and/or amended at any time.
   • We will respond to the request within 30 days with either delivery of the medical records or a written denial that includes why the request was denied. If you receive a denial, you will get information about how to seek review of the decision.

W. Use your rights. This will not affect the way Magellan and its providers treat you.

X. Get written information on advance directives and your rights under state law. We can get you information on how to create your own advance directive. (An advance directive tells doctors the kind of care you would want if you become too sick to decide).

Y. Talk with your provider about the types of treatment that are right for you. The cost or benefit coverage do not affect this.

Z. Get information about how and where to access benefits from the state that are not covered under your plan. This could include cost-sharing. It could also include transportation.
AA. Ask for information in a way that you can get to it easily. This applies if you have a visual, hearing or physical disability. This will help you know what benefits and services you have access to.

AB. Receive information about Magellan Complete Care, its services, its practitioners and providers and member rights and responsibilities.

AC. Be free from any form of restraint or seclusion as a mean of coercion, discipline, convenience or retaliation.

AD. Receive treatment for any emergency medical condition at any hospital or other setting that may lead to more harm if you don’t get treatment right away.

AE. Request information about a doctor’s contract status, including physician incentive plans or other compensation arrangements, use of referral services, member survey results and whether stop-loss insurance is required. To get this information, please call Member Services at 1-800-424-5891 (TTY 711).

AF. Exercise his or her rights and that the exercise of those rights shall note adversely affect service delivery to the member 42 CFR 438.100(c).

**Member responsibilities**

Each member has the following responsibilities:

A. Get treatment you need from a provider.

B. Treat with respect anyone giving you care.

C. Give providers and MCC of AZ the information they need. This helps providers give you quality care. It helps us give you the right service.

D. Ask questions about your care. This helps you and your providers understand your health problems. It helps create treatment goals and plans you agree on.

E. Follow your treatment plan. You and your provider should agree on this plan.

F. Follow the plan for taking your medicine. You and your provider should agree on the plan.

G. Tell your providers and primary care doctor about changes in your medicine. This includes medicines other doctors give you.

H. Come to all your provider visits. Call your provider as soon as you know you need to cancel a visit.

I. Tell your provider when you think the treatment plan is not working.

J. Tell your provider if you have problems paying copays.

K. Share your worries about the quality of your care.

L. Tell someone if you suspect abuse and fraud (this is someone not being honest).
   - Call the Corporate Compliance Hotline. You can reach this number 24 hours a day and 7 days a week.
   - This hotline is run by an outside company.
   - You do not have to give your name when you call.
Member Advisory Committee (MAC)

The Member Advisory Committee is a group made up of members, member families and community organizations who work together to help MCC of AZ better understand our member’s needs.

Your feedback will help improve the benefits and services members get from MCC of AZ. The MAC meets once a month to talk about topics like member communications and materials, access to healthcare services, resources and more.

We are always looking for new members who want to help us make MCC of AZ a better health plan for all members. Your experience, knowledge and point of view is very important to us.

Join the MAC and let your voice be heard!

The MAC application can be found online at [www.mccofaz.com/for-members/member-materials-and-forms/](http://www.mccofaz.com/for-members/member-materials-and-forms/).

If you’re interested in joining our MAC, email our Office of Individual and Family Affairs at [MCCAZoifa@MagellanHealth.com](mailto:MCCAZoifa@MagellanHealth.com) or call Member Services at 1-800-424-5891 (TTY 711).

• All calls will be looked into and will stay private.
• You can report fraud, waste and abuse using one of the following:
  − Special Investigations Unit Hotline: 1-800-755-0850 (TTY 711)
  − Special Investigations Unit Email: [SIU@magellanhealth.com](mailto:SIU@magellanhealth.com)
  − Corporate Compliance Hotline: 1-800-915-2108 (TTY 711)
  − Corporate Compliance Email: [Compliance@magellanhealth.com](mailto:Compliance@magellanhealth.com)
• You may also report fraud, waste and abuse to the state or federal government.
If you move or change your personal information

It’s important to keep your personal information up to date so we can reach you.

If you need to report a change in your household including, your name, a change of residential or mailing address, the size of your family or your phone number, contact the eligibility source where you applied for AHCCCS:

• DES www.healthearizonaplus.gov or 1(855) HEA-PLUS (1-855-432-7587)
• KidsCare www.healthearizonaplus.gov or 1(855) HEA-PLUS (1-855-432-7587)

If you move outside our service area but stay in Arizona, you’ll need to choose a new plan. If this happens, you’ll get a letter from AHCCCS asking you to choose a new plan.

If you move out of the state or out of the country, you are no longer eligible to receive any services from AHCCCS. You can check with your new state or country to see what services they may give.

You can call Member Services at 1-800-424-5891 (TTY 711) if you have any questions about your health plan.
Choosing or changing your health plan

As a member eligible for Medicaid or KidsCare benefits, you have the right to choose your health plan. There are certain times when you can choose a health plan. The first time is when you fill out the application for AHCCCS benefits. The second time is one year later during the Annual Enrollment Choice (AEC).

Enrollment application

If you don’t make a choice when you sign up for your benefits, AHCCCS will automatically assign you a plan. You have 90 days to make a change to your health plan.

The plan AHCCCS assigns you to depends on a couple of things:
• If you have a family member that already has an AHCCCS health plan
• If you got your eligibility back within 90 days of losing your eligibility

Annual Enrollment Choice (AEC)

Every year, you have a chance to change plans during a certain time. This is called Annual Enrollment Choice (AEC). If you enrolled with AHCCCS in March, your AEC date will be March every year.

AHCCCS will send you a letter two months before your AEC date. To make a change, you will need to contact AHCCCS to complete the enrollment process before the AEC date. If you do not notify AHCCCS before the last day of your AEC month, you will stay with your current health plan.

If you are having any problems getting your healthcare, please call us so we can help you.

Changing health plans

You can change your health plan outside of your AEC date if:
• You want to switch to the health plan your family member has
• You did not get to choose a health plan
• You did not get a letter about the AEC from AHCCCS
• You were not able to take part in the AEC
You can also change health plans for medical continuity of care. This means that you can see the same doctor for a specific medical condition.

We may only consider a request to change health plans for one of the following reasons:
• You are pregnant and were already getting prenatal care when you were enrolled in the health plan
• You need to continue treatment with a medical provider that you were seeing when you were enrolled in a different health plan. This is not an automatic process. Your provider will need to prove to the health plan that you want to leave and the health plan that you want to join is necessary.

If you need help, please call Member Services at 1-800-424-5891 (TTY 711).

Letting others help you make healthcare decisions

Sometimes you might want to allow someone to see your health information. This could be a family member or close friend. Feedback from family or a designated healthcare decision maker is important. It gives you support to meet your healthcare goals. During visits with your providers, let them know who you would like to be involved in your treatment planning. Bring them with you to your appointments when they are available.

Because of privacy laws that are in place, your providers will need your permission first before anyone else can be involved with your treatment planning, see your health information and/or make any decisions for you. If you want someone to be involved in your treatment planning and/or be able to see your medical information, you’ll need to fill out a Consent to Release Protected Health Information (PHI) form. You can get one of these from your provider. On this form you’ll be able to tell your providers what type of information you want shared and who you would like to be included in your treatment planning.
Getting healthcare after you change health plans

We want to help you have an easy move when you change health plans. This includes when you change health plans for one of the following reasons:

- Moving from the Fee-for-Service program to MCC of AZ
- Moving from another health plan to MCC of AZ
- Moving from MCC of AZ to another health plan
- Moving from MCC of AZ to the Fee-for-Service program

If your provider is not within our plan, you can keep seeing them for a certain amount of time. After this time, we will work to add your provider into our network or will help you move your services to doctors and other providers in our network who meet your needs.

Our team will work with you to make sure this move is easy. We'll be here to answer any questions and help you get set up with your new provider, if needed.

The time frame depends on the type of care and if you’re currently getting care from that provider. If you have a special situation, we’ll work with you to fix this on a case-by-case basis. See the chart for more details:

<table>
<thead>
<tr>
<th>Type of service</th>
<th>Transition time frame</th>
</tr>
</thead>
<tbody>
<tr>
<td>Behavioral health</td>
<td>You can see your current provider for six months or until you finish your current treatment, whichever comes first</td>
</tr>

<td>You can see your current PCP for 90 days or until you finish your current treatment, whichever comes first</td>
</tr>
<tr>
<td>Care from an OB/GYN</td>
<td>If you’re in your third trimester (or you are expected to deliver within 30 days) you can stay with your current OB/GYN</td>
</tr>
</tbody>
</table>
An MCC of AZ transition coordinator will work with you to make sure this move is easy. We will make sure that your scheduled appointments and/or procedures are not delayed because of this transition. We will work closely with our pharmacy staff during your transition to make sure any needed medicines are filled. Our transition coordinator will also update your providers so that they know you are now an MCC of AZ member. We’ll be here to answer any questions you may have and help you get the care that you need.

If you switch to a different health plan, an MCC of AZ transition coordinator will coordinate transition activities to ensure continuity of care, continued access to services and that all of your needs are met with your new health plan.

The transition coordinator will make sure that your new health plan knows the following about you and your care:
• Past and upcoming appointments
• Current medicines
• Durable medical equipment
• Scheduled transportation
• Any other specialty care needs

If you are in an inpatient setting at the time of the change, we will let your new health plan and the facility you are at now know so they can coordinate your care. The MCC of AZ transition coordinator will work with your new health plan’s transition coordinator to make sure you have a smooth transition. Any medical records may be shared with your new health plan so you get the care that you need.

We want to help you have an easy transition whether you start as a new member with us or switch to another health plan from MCC of AZ.
How to get emergency and urgent care

What is an emergency?
An emergency is when you have an illness or injury that could cause serious injury or death if it is not treated right away.

What to do in an emergency
Call 911 or go to closest emergency room right away. You don’t have to call MCC of AZ first. Prior authorization is not needed for emergency services. You can go to any hospital for emergency, even if you are in another city or state.

Let the hospital know you’re a member of MCC of AZ and show them your member ID card.

Emergency transportation
If you are having a medical emergency and need a ride, call 911. We will pay for emergency transportation (ambulance ride).

(chart on next page)
Different types of care and where to get it

The table below gives a quick overview of what type of care is best for you and where to get it:

<table>
<thead>
<tr>
<th>Type of care</th>
<th>What care you can get</th>
</tr>
</thead>
</table>
| Emergency room (ER)         | Go to the ER when you have a serious problem that needs care right away. Emergencies include problems like:  
• Heart attack or stroke symptoms  
• Severe bleeding  
• Severe trouble breathing  
• Severe pain                                                                 |
| Primary care provider (PCP) | Your PCP knows you and your health history.  
Go to your PCP for your annual checkups and if you’re not feeling well, but it’s not an emergency. |
| Urgent care clinics         | Urgent care clinics can provide care for problems like sprains, burns and broken bones. They also offer X-rays, throat cultures and routine healthcare, such as sports physicals and shots.  
Urgent care clinics are open after hours and on the weekends. You can walk in or call to make an appointment. |

Get a ride to your medical appointments

Need a ride to your medical appointments? Please try to get a family member, friend or neighbor to help you get to your appointment. If you can’t find a ride, we’ll help you get a ride. Call us at 1-800-424-5891 (TTY 711) to set up a ride. Please call at least 72 hours before your appointment.
With your AHCCCS Complete Care benefits, you get access to services when they are medically necessary. Use the list below to see what services you get. You can also find more information on the AHCCCS website at www.ahcccs.gov > Members/Applicants > Covered Services.

If you have questions about your benefits, please call Member Services at 1-800-424-5891 (TTY 711).

Some members have AHCCCS and Medicare. These members are called “dual eligible.” If you have Medicare, MCC of AZ may help pay for things like your Medicare coinsurance and deductibles for covered services.

If you have Medicare and Medicaid, you’ll want to see a PCP who works with Medicare and MCC of AZ AHCCCS members. If you need help finding a PCP, call MCC of AZ Member Services at 1-800-424-5891 (TTY 711).

Covered service for all members can include:

- Behavioral health (see Covered behavioral health services for all members section below for more details)
- Breast reconstruction after mastectomy
- Chemotherapy and radiation
- Circumcisions, when medically necessary (prior authorization required)
- Diabetes testing and testing supplies
- Cardiac (heart) and pulmonary (breathing) rehabilitation
- Dialysis
- Durable medical equipment (DME) and supplies
- Emergency care (includes care to stabilize you after an emergency)
- Emergency dental care:
  - Limited to $1000 per year
- Emergency and non-emergency transportation
- End of life care
- Family planning services:
  - Birth control
  - Contraceptives
  - Family planning counseling
- Hearing loss evaluation
- High tech radiology, includes:
  - Magnetic resonance imaging (MRI)
  - Magnetic resonance angiogram (MRA)
  - Positron emission tomography
  - (PET Scan)
- HIV/AIDS therapy and counseling services
- Home healthcare
- Hospice services:
  - Inpatient
  - Outpatient
- Immunizations (shots)
- Incontinence briefs (for members over 21, when needed)
- Inpatient hospital stays may include:
  - Physical therapy
  - Occupational therapy
  - Speech therapy
• Laboratory, X-rays, medical imaging
• Maternity care
• Medical equipment and supplies
• Medical foods
• Nursing facility stay:
  – Limited to 90 calendar days per year
• Nutritional assessments and medical foods
• Occupational therapy
• Orthotics and prosthetics
• Out-of-network services
• Outpatient services
• Pain management services
• Physical therapy
• Podiatry (foot and ankle)
• Pregnancy care
• Prescription medications and injections
• Primary care provider (PCP) office visits includes:
  – Wellness exams
  – Preventive care
• Preventive screenings and tests:
  – Pap tests
  – Mammogram
  – Colonoscopy
• Rehabilitation therapy
• Respirational therapy
• Specialist office visits
• Second opinions
• Surgery
• Smoking cessation
• Transplants that are approved by AHCCCS (organ and tissue)
• Urgent care

All members also get well visits as part of their covered services. As part of your wellness visit, you get services including, but not limited to, well woman exams, breast exams and prostate exams for members 21 years and older. These also include a medical history, physical exam, health screening, health counseling and any medically necessary shots.
Additional services covered for members under age 21

In addition to the covered services for all members, members under age 21 get the following benefits:

- Chiropractic care (when medically necessary)
- Early and Periodic Screening, Diagnostic and Treatment (EPSDT) includes:
  - Wellness exams
  - Hearing exams and hearing aids
  - Preventive dental care
  - Orthotics covered for AHCCCS members under the age of 21
- Dental screenings and treatments
- Glasses
- Outpatient physical, occupational and speech therapy
- Personal care services that are necessary to meet a medical need. This includes help with:
  - Activities of daily care
  - Bathing
  - Toileting
  - Walking
- Vision exams

Some services have specific limits:

<table>
<thead>
<tr>
<th>Type of service</th>
<th>Any specific limitations</th>
</tr>
</thead>
<tbody>
<tr>
<td>Behavioral health services</td>
<td>See section below on covered behavioral health services</td>

</table>
Covered Behavioral Health Services for All Members

- Behavioral health counseling and therapy:
  - Individual
  - Group and family
- Screening, evaluation, assessment and testing
- Substance use services:
  - Intensive outpatient
  - Residential
  - Inpatient
- Multisystemic therapy (for members under 21 years old)
- Auricular acupuncture (a type of acupuncture that involves inserting needles into specific points on the ear) *
- Skills, trainings and development and psychosocial rehabilitation living skills training
- Behavioral health prevention/promotion education and medication training
- Help and training to maintain employment
- Laboratory, radiology and medical imaging
- Medical management
- Electroconvulsive therapy
- Care management
- Personal care services
- Home care training and family support
- Self-help and peer services
- Home care training for home care client
- Unskilled respite care
- Wraparound services to maintain supportive housing
- Behavioral health respite care:
  - Limited to 600 hours per year, October 1, 2020 - September 30, 2021
- Sign language or oral interpretative services provided at no cost to the member
- Emergency and non-emergency transportation
- Crisis intervention:
  - Mobile, community-based
  - Stabilization, facility-based
  - Over the phone via crisis line
- Hospital
- Subacute facility
- Residential treatment center
- Behavioral health residential facility (without room and board*)
- Supervised behavioral health treatment and day programs
- Therapeutic behavioral health services and day programs
- Community psychiatric supportive treatment and adult behavioral health therapeutic homes

* Services not available with Title XIX/XXI funding but may be provided if other funds available.
Services not covered

There are some services MCC of AZ does not pay for. This includes:

• Pregnancy termination (unless the doctor tells us that the mother’s life is in danger or the pregnancy is due to a rape, incest, or if termination is medically necessary)
• Counseling services for pregnancy termination
• Cosmetic surgery (this includes breast enlargement or reduction)
• Procedures or treatments that are considered experimental or for research purposes
• Infertility services (to help someone have children)
• Reversal of any permanent birth control method
• Services that need prior authorization that were not authorized, including certain medicines:
  − You have the right to appeal any decision on prior authorizations, but you must go through the appeal process. See the Appeal section for more information.
• Sex change operations
• TMJ disorders except when due to a recent trauma
• Treatment to straighten teeth (braces for your teeth)
• Immunotherapy for adults
• Penile implants and vacuum devices
• Services that are not medically necessary
• Services that you agreed to pay for yourself
• Services from a provider that is not in our network, unless approved by MCC of AZ or during the transition of care period
How to access non-title XIX/XXI services

Members who qualify for Medicaid (Title XIX/XXI) may qualify for some Non-Title XIX/XXI services. Non-title XIX/XXI services include room and board, mental health services (formerly known as traditional healing), auricular acupuncture, child care, and supportive housing rent/utility subsidies and relocation services.

Members will have to meet the criteria to get these services. Non-Title XIX/XXI services are paid for by the Regional Behavioral Health Authority (RBHA). Members who qualify for services should talk with their behavioral health provider (if already getting services) or call Member Services at 1-800-424-5891 (TTY 711) and ask to speak with a care manager.

Here is a list of RBHA facilities by central region county:

Mercy Maricopa Integrated Care (Maricopa County): 1-800-564-5465
Steward Health Choice (Gila County): 1-855-354-9006
Arizona Complete Health Complete Care (Pinal County): 1-866-495-6735

Housing services

Rent assistance and support

If you need help finding a place to live or help paying for housing, MCC of AZ can work with you to help connect you with community and housing resources in your area.

If necessary, MCC of AZ will refer you to the Regional Behavioral Health Authority (RBHA) to access Non-Title XIX/XXI services and local community housing providers. Please call Member Services at 1-800-424-5891 (TTY 711) Monday through Friday from 8 a.m. to 6 p.m. local time for help. We have a care management team who can help you get set up with these services.
End of life care

End of life care is the care you get to help you feel comfortable when your health is declining or you have a chronic, complex or terminal illness. A trained team of caregivers will work with you and your family to help you make decisions about what treatment you want and to give you information about your illness. The goal of end of life care services is to give you treatment, comfort and quality of life through the rest of your life. Services include:

- Physical and/or behavioral health treatment
- Referrals to community-based agencies
- Support services provided by family, friends and/or volunteers

End of life care also allows you to get information about advance care planning, palliative care and hospice services. Your doctor will work with you and/or your family on available services.

The Arizona Attorney General’s office offers a complete life care planning packet and forms at no cost to you. To request a packet, go to www.azag.gov/seniors/life-care-planning or call 602-542-2123 or 1-800-352-8431 to have them mailed to you.

Advance directives and living wills

One of your rights as a member is to help make decisions about your healthcare and treatment. To make sure your doctors know your wishes, you should write them down. This is called an advance directive.

This doesn't have to be complicated, it just lets your family and doctors know what you want to do in case you get sick and might not be able to say what you want.

There are different types of advance directives. Some examples are healthcare power of attorney and living will.

The Arizona Secretary of State’s office has several no-cost resources to help you with your advanced directive. The Arizona Advance Directive Registry is a no-cost registry to electronically store and access your medical directives. The secure and confidential program gives peace of mind to registrants and their families. It is easy to access for all healthcare providers. You can find more information at www.azsos.gov/services/advance-directives.

Healthcare power of attorney

This is a person who you give permission to make your healthcare decisions if you are not able to. This is usually a spouse, relative or close friend. This is called an “agent.”
Living will

This is a document where you write out what type of healthcare treatment(s) you do or do not want. This is used if you are not able to tell your providers what you want.

In this, you can also tell your doctor whether or not to make special efforts to save your life if you are seriously ill (like being put on a ventilator to help you breathe). You should give your doctor a copy of your power of attorney and living will and also keep a copy for yourself. You can make changes to these at any time.

Make sure your doctor and providers have the most recent copies if you make changes.
How to get healthcare services

Seeing a specialist

Your primary care provider is who you should see for most of your healthcare needs. Sometimes you might need specialty care. If you need specialty care, you’ll need to talk to your PCP and get a referral to a specialist.

There are times when you don’t need a referral for a specialist. This is known as “self-referral”:

- Women can see an in-network OB/GYN for preventive and routine services
- All members can self-refer for services with an in-network behavioral health provider
- Members under 21 years old can self-refer for dental and vision screenings with in-network dentists and vision providers
- Members with special health needs may directly access healthcare services from a specialist as needed for their condition and needs

To use the “self-referral” process, call the providers directly to make an appointment. You don’t have to go through your PCP first. If you need help finding a provider, please call Member Services or search our line provider directory at www.mccofaz.com/find-a-doctor-or-pharmacy/find-a-doctor/. Services that are provided by out-of-network providers will need a prior authorization first.

We will also get you care outside of our network when the type of provider needed and available in Magellan Complete Care of Arizona’s network does not provide the service you need (including counseling or referring services) because of moral or religious objections. For information on how to access counseling or referral services, please call Member Services at 1-800-424-5891 (TTY 711) Monday through Friday from 8 a.m. to 6 p.m. local time.

Healthcare services for American Indian members

American Indian members are able to receive healthcare services from any Indian Health Service provider or tribally owned and/or operated facility at any time.

Your primary care provider (PCP)

Your primary care provider is your doctor who will give you the healthcare services you need. This includes well visits and times when you’re feeling sick. Going to your PCP for your healthcare helps you build a relationship so they know you and your health history.

We gave you a PCP when you joined MCC of AZ. If you want to change your PCP, call Member Services at 1-800-424-5891 (TTY 711) and we’ll help you find one.
You have the right to choose any PCP that is part of MCC of AZ. A member may choose an obstetrician/gynecologist (OB/GYN) as their PCP if the OB/GYN agrees to serve as the PCP.

If you lose your AHCCCS eligibility, you may still get primary and preventive care at low or no cost. Go to www.mccofaz.com/for-members/member-resources/ for a list of low- or no-cost services. You can also call Member Services for help at 1-800-424-5891 (TTY 711) Monday through Friday from 8 a.m. to 6 p.m. local time.

Making an appointment

When you want to see your PCP or provider, call their office and ask to see the provider. You’ll also want to say the reason you need to see the provider. This will help the person scheduling the appointment know how soon you need to see the provider.

Make sure you keep your appointment with your provider. Write it down on your calendar or make a note so you remember the date and time. If you need to change or cancel your appointment, call the doctor’s office ahead of time and let them know. Try to call and cancel or change your appointment at least one day in advance.

Need help making an appointment? Need a ride to your visit?
Call Member Services at 1-800-424-5891 (TTY 711).

AHCCCS has rules in place so you can get the care you need, when you need it. One of the rules is that providers need to make sure you can get an appointment within a specific amount of time.

The following chart lets you know when you can get an appointment with your provider:

<table>
<thead>
<tr>
<th>Type of provider</th>
<th>Type of care</th>
<th>Wait time</th>
</tr>
</thead>
<tbody>
<tr>
<td>Primary care provider (PCP)</td>
<td>Urgent care</td>
<td>As soon as possible, but no more than two business days</td>
</tr>
<tr>
<td></td>
<td>Routine care</td>
<td>Within 21 calendar days</td>
</tr>

</tr>
<tr>
<td></td>
<td></td>
<td>• Members 18 years old and older, no later than 23 calendar days from the date of the initial assessment</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• Members less than 18 years old, no later than 21 days after the initial assessment</td>
</tr>
<tr>
<td></td>
<td>Routine care – services after first visit</td>
<td>Within 45 calendar days</td>
</tr>
<tr>
<td></td>
<td>For psychotropic medications</td>
<td>Get an assessment immediately so that you don’t run out of your medicine and your health isn’t affected. If needed, you’ll get an appointment as soon as possible, but no more than 30 calendar days</td>
</tr>
</tbody>
</table>

Well visits (well exams) such as, but not limited to, well woman exams, breast exams and prostate exams are covered for members 21 years of age and older. Most well visits (also called checkup or physical) include a medical history, physical exam, health screenings, health counseling and medically necessary immunizations. EPSDT visits for members under 21 years of age are considered the same as a well visit.
Early Periodic Screening, Diagnostic and Treatment (EPSDT) is a comprehensive child health program of prevention and treatment, correction, and improvement (amelioration) of physical and behavioral health conditions for AHCCCS members under the age of 21.

The purpose of EPSDT is to ensure the availability and accessibility of health care resources, as well as to assist Medicaid recipients in effectively utilizing these resources.

EPSDT services provide comprehensive health care through primary prevention, early intervention, diagnosis, medically necessary treatment, and follow-up care of physical and behavioral health problems for AHCCCS members less than 21 years of age.

Amount, Duration and Scope: The Medicaid Act defines EPSDT services to include screening services, vision services, dental services, hearing services and such other necessary health care, diagnostic services, treatment and other measures described in federal law subsection 42 U.S.C. 1396d(a) to correct or ameliorate defects and physical and mental illnesses and conditions discovered by the screening services, whether or not such services are covered under the AHCCCS state plan. Limitations and exclusions, other than the requirement for medical necessity and cost effectiveness do not apply to EPSDT services.

A well child visit is synonymous with an EPSDT visit and includes all screenings and services described in the AHCCCS EPSDT and dental periodicity schedules.

This means that EPSDT covered services include services that correct or ameliorate physical and behavioral health conditions, and illnesses discovered by the screening process when those services fall within one of the optional and mandatory categories of “medical assistance” as defined in the Medicaid Act. Services covered under EPSDT include all 29 categories of services in the federal law even when they are not listed as covered services in the AHCCCS state plan, AHCCCS statutes, rules, or policies as long as the services are medically necessary and cost effective.

Early Periodic Screening, Diagnostic and Treatment (EPSDT) is a comprehensive child health program of prevention and treatment, correction, and improvement (amelioration) of physical and behavioral health conditions for AHCCCS members under the age of 21.

The purpose of EPSDT is to ensure the availability and accessibility of health care resources, as well as to assist Medicaid recipients in effectively utilizing these resources.

Limitations and exclusions, other than the requirement for medical necessity and cost effectiveness do not apply to EPSDT services.

A well child visit is synonymous with an EPSDT visit and includes all screenings and services described in the AHCCCS EPSDT and dental periodicity schedules.

This means that EPSDT covered services include services that correct or ameliorate physical and behavioral health conditions, and illnesses discovered by the screening process when those services fall within one of the optional and mandatory categories of “medical assistance” as defined in the Medicaid Act. Services covered under EPSDT include all 29 categories of services in the federal law even when they are not listed as covered services in the AHCCCS state plan, AHCCCS statutes, rules, or policies as long as the services are medically necessary and cost effective.

EPSDT includes, but is not limited to, coverage of: inpatient and outpatient hospital services, laboratory and x-ray services, physician services, naturopathic services, nurse practitioner services, medications, dental services, therapy services, behavioral health services, medical equipment, medical appliances and medical supplies, orthotics, prosthetic devices, eyeglasses, transportation, and family planning services. EPSDT also includes diagnostic, screening, preventive, and rehabilitative services. However, EPSDT services do not include services that are experimental, solely for cosmetic purposes, or that are not cost effective when compared to other interventions.
Healthcare for women

At MCC of AZ, we know that every person has different health needs. We work with providers who provide care just for women. These are called obstetrician/gynecologists (OB/GYNs). We'll help you get access to an in-network OB/GYN for preventive and well care services.

This includes services such as cervical cancer screenings and referrals for mammograms. Female members, or members assigned female at birth have direct access to preventive and well care services from a gynecologist within the Contractor’s network without a referral from a primary care provider.

Care for pregnant members

If you think you may be pregnant, be sure to call Member Services at 1-800-424-5891 (TTY 711) to help you set up an appointment with an OB/GYN as soon as possible to start getting prenatal care. Getting timely prenatal care is important for you and your baby to ensure everyone remains healthy throughout the pregnancy. OB/GYN providers may offer voluntary prenatal HIV/AIDS testing and medical counseling if your test is positive. Women can choose to have your OB/GYN as your primary care provider if you want.

Prenatal care appointment time frames:

<table>
<thead>
<tr>
<th>Time frame</th>
<th>When you can get an appointment</th>
</tr>
</thead>
<tbody>
<tr>
<td>First trimester</td>
<td>Within 14 days of request for appointment</td>
</tr>
<tr>
<td>Second trimester</td>
<td>Within seven days of request for appointment</td>
</tr>
<tr>
<td>Third trimester</td>
<td>Within three days of request for appointment</td>
</tr>
<tr>
<td>High-risk pregnancy</td>
<td>Within three days, or immediately if it is an emergency</td>
</tr>
</tbody>
</table>

It’s important to go to each of your appointments. You’ll have appointments before your baby is born (prenatal), and then also after your baby is born (postpartum). Your postpartum appointment will be within 60 days of your delivery; sooner if you have a cesarean section.

Even if you don’t feel sick, make sure you go to your appointment so your provider can see how you and your baby are doing.

At your postpartum checkup, your doctor will:

• Make sure you’re healing
• Check you for postpartum depression
• Do a pelvic exam to make sure reproductive organs are back to pre-pregnancy condition
• Answer questions about breastfeeding and do a breast exam
• Answer any questions about having sex again and your birth control options
Medically necessary pregnancy terminations

Pregnancy terminations are an AHCCCS covered service only in special situations. AHCCCS covers pregnancy termination if one of the following criteria is present:

1. The pregnant member suffers from a physical disorder, physical injury, or physical illness including a life-endangering physical condition caused by, or arising from, the pregnancy itself that would, as certified by a physician, place the member in danger of death, unless the pregnancy is terminated.

2. The pregnancy is a result of incest.

3. The pregnancy is a result of rape.

4. The pregnancy termination is medically necessary according to the medical judgment of a licensed physician, who attests that continuation of the pregnancy could reasonably be expected to pose a serious physical or behavioral health problem for the pregnant member by:
   a. Creating a serious physical or behavioral health problem for the pregnant member,
   b. Seriously impairing a bodily function of the pregnant member,
   c. Causing dysfunction of a bodily organ or part of the pregnant member,
   d. Exacerbating a health problem of the pregnant member, or
   e. Preventing the pregnant member from obtaining treatment for a health problem.

HIV testing and counseling services for men and women

MCC of AZ covers HIV testing for both men and women at no cost to you. If your test is positive, there is treatment and medical counseling available to you through your health plan benefits.

Talk to your PCP or contact your local health department to get tested.
Family planning services and supplies for men and women

Family planning services and supplies are ways that you can help protect yourself from having an unwanted pregnancy or from contracting a sexually transmitted infection (STI). Men and women of reproductive age can get family planning services and supplies without a referral.

These are available from your PCP, your OB/GYN, family planning providers listed in our provider directory, like Planned Parenthood offices statewide.

You do not need a referral for family planning services from PCPs, OB/GYN and family planning providers. You can get services from these providers even if they don’t work with MCC of AZ.

Some family planning services include:

- Birth control pills
- Birth control shot given every three months
- Intrauterine devices (IUD) and implantable contraceptives
- Diaphragm (a vaginal removable barrier worn by women)
- Condoms
- Long-Acting Reversible Contraceptives (LARC)
- Emergency contraception pill (pill taken after unprotected sex to prevent pregnancy)
- Family planning counseling
- Natural family planning education
- Screening for STIs
- Tubal ligation (sterilization for women ages 21 and older)
- Vasectomy (sterilization for men ages 21 and older)

Call Member Services at 1-800-424-5891 (TTY 711) Monday through Friday from 8 a.m. to 6 p.m. local time for a full list of family planning services and supplies.

It’s important to stay safe, even if you lose your health benefits. If you lose your eligibility for AHCCCS services, we can help you find low- or no-cost family planning services. You don’t need a referral before choosing a family planning provider.

Dental benefits

We believe giving you or your child access to good dental care is important to your health. Covered services include regular and routine dental services like preventive dental check-ups, cleaning, x-rays, fillings and other services to check for any changes or problems that may need treatment or follow-up care. The type of care you get depends on your age at the time you receive the care.

Children dental services

If you are or your child is under the age of 21, you or your child will be given a dental home. A dental home means that you or your child has an assigned dentist who works with you to provide all dental care needs, as needed. The dental home will also:
- Complete dental care
- Create a dental health plan designed for you
- Give you guidance about diet and growth
- Give you information on how to correctly care for your teeth

If you or your child needs to see a specialist, the dental home will work with you to set up your or your child’s care.

We will assign you a dental home when you enroll with us. If your child is less than 12 months old, we will assign them a dental home before his or her 1st birthday.

We will send you or your child a notice in the mail with the name and location of your dental home. You can call Member Services at 1-800-424-5891 (TTY 711) to choose or change your dental home or provider at any time.

Regular dental care is an important part of being healthy. We want you to get the care you need. You will get notices when you or your child has an upcoming dental screening, as well as reminders when a dental screening is overdue.

Adult dental services

If you are 21 years of age or older, Magellan Complete Care will cover dental services only in emergency situations. The following services are some of the emergency benefits we cover:
- Oral examination that focuses on the specific tooth or mouth pain
- X-ray of the painful tooth or teeth
- Resin used to seal a recent tooth fracture
- Removal of the painful tooth
- Prefabricated crown used to eliminate tooth pain on a recent tooth fracture
- Root canal when needed to stop an infection or eliminate pain

These services are covered up to $1000 benefit for each member every year.
Dental appointments

To make an appointment, call your dentist. If you need help making an appointment or finding a dentist, call Member Services at 1-800-424-5891 (TTY 711). Make sure to keep your dental appointments.

If you need to change or cancel an appointment, call the dentist or dental home as soon as you can.

When you go to the dentist, show your Magellan Complete Care of Arizona member ID card. There is not a separate MCC of AZ dental ID card.
How to get your medicines

For new medicines

When you get a prescription from your doctor, ask him or her to send your prescription to a pharmacy near you that works with MCC of AZ. You’ll find this list in the provider directory at www.MCCofAZ.com.

Or you can take the prescription to the pharmacy and drop it off yourself.

For medicines you already take

If you already have medicines at a pharmacy that’s not on our list, you’ll need to choose a new pharmacy from the list of those we work with. Ask your new pharmacy to get your prescription from your old pharmacy.

If you need your medicine right away

If you’ve had an emergency and need a medicine filled after hours or on a weekend or holiday, you may use any one of MCC of AZ’s in-network pharmacies. Our list of pharmacies shows which ones are open 24 hours a day.

If MCC of AZ is not paying for your medication, your pharmacy may call the 24-hour pharmacy help desk at 1-800-424-5891 (TTY 711) to ask if the medication is eligible for an emergency override.

If you’re having trouble getting your medicine at the pharmacy

If you’re at the pharmacy (sometimes called a point of sale) and you can’t get your medicine, your pharmacy can call MCC of AZ at 1-800-424-5891 (TTY 711). Do not pay for your medicine on your own.

Some drugs have limits or require the doctor to get approval before you can get the drug.
Pharmacy/provider restrictions

MCC of AZ monitors controlled and non-controlled medicines on a regular basis. We want you to stay safe and healthy, so if you use multiple pharmacies or medicines, you might be assigned to use just one pharmacy, one provider, or assigned one provider and one pharmacy for all of your prescriptions.

This might happen if:
• You use four or more pharmacies, and
• You use four or more doctors and four or more medications included on the monitored list, or
• You have filled 12 or more controlled prescriptions in the last three months.

If you are assigned to one pharmacy and/or provider, we will send you a letter letting you know why along with information on how to file a State Fair Hearing and the time frame and process for doing so. You have 30 calendar days from the date of the letter to request a State Fair Hearing.

Please mail your written request for a State Fair Hearing to:

Magellan Complete Care of Arizona
Attn: Appeals and Grievance Department
4801 E. Washington St., Suite 225
Phoenix, AZ 85034

If you need help filing an appeal or have questions about this information, please call Member Services at 1-800-424-5891 (TTY 711) Monday through Friday from 8 a.m. to 6 p.m. local time.
Behavioral health services

We know that staying healthy means that you get access to healthcare for your body and mind. With your AHCCCS Complete Care benefits, you get physical and behavioral health services.

Arizona’s vision for the delivery of behavioral health services

All behavioral health services are delivered according to the following system principles. AHCCCS supports a behavioral health delivery system that includes:
1. Easy access to care,
2. Behavioral health recipient and family member involvement,
3. Collaboration with the Greater Community,
4. Effective Innovation,
5. Expectation for Improvement, and
6. Cultural Competency.

The twelve principles for the delivery of services to children:

1. Collaboration with the child and family:
   a. Respect for and active collaboration with the child and parents is the cornerstone to achieving positive behavioral health outcomes, and
b. Parents and children are treated as partners in the assessment process, and the planning, delivery, and evaluation of behavioral health services, and their preferences are taken seriously.

2. **Functional outcomes:**
   a. Behavioral health services are designed and implemented to aid children to achieve success in school, live with their families, avoid delinquency, and become stable and productive adults, and
   b. Implementation of the behavioral health services plan stabilizes the child’s condition and minimizes safety risks.

3. **Collaboration with others:**
   a. When children have multi-agency, multi-system involvement, a joint assessment is developed and a jointly established behavioral health services plan is collaboratively implemented,
   b. Client-centered teams plan and deliver services, and
   c. Each child’s team includes the child and parents and any foster parents, any individual important in the child’s life who is invited to participate by the child or parents. The team also includes all other persons needed to develop an effective plan, including, as appropriate, the child’s teacher, the child’s DCS and/or DDD caseworker, and the child’s probation officer.
   d. The team:
      i. Develops a common assessment of the child’s and family’s strengths and needs,
      ii. Develops an individualized service plan,
      iii. Monitors implementation of the plan, and
      iv. Makes adjustments in the plan if it is not succeeding.

4. **Accessible services:**
   a. Children have access to a comprehensive array of behavioral health services, sufficient to ensure that they receive the treatment they need,
   b. Case management is provided as needed,
   c. Behavioral health service plans identify transportation the parents and child need to access behavioral health services, and how transportation assistance will be provided, and
   d. Behavioral health services are adapted or created when they are needed but not available.

5. **Best practices:**
   a. Behavioral health services are provided by competent individuals who are trained and supervised,
   b. Behavioral health services are delivered in accordance with guidelines that incorporate evidence-based “best practices.”
c. Behavioral health service plans identify and appropriately address behavioral symptoms that are reactions to death of a family member, abuse or neglect, learning disorders, and other similar traumatic or frightening circumstances, substance abuse problems, the specialized behavioral health needs of children who are developmentally disabled, maladaptive sexual behavior, including abusive conduct and risky behavior, and the need for stability and the need to promote permanency in class member’s lives, especially class members in foster care, and

d. Behavioral health services are continuously evaluated and modified if ineffective in achieving desired outcomes.

6. **Most appropriate setting:**
   a. Children are provided behavioral health services in their home and community to the extent possible, and
   b. Behavioral health services are provided in the most integrated setting appropriate to the child’s needs. When provided in a residential setting, the setting is the most integrated and most home-like setting that is appropriate to the child’s needs.

7. **Timeliness:**
   a. Children identified as needing behavioral health services are assessed and served promptly.

8. **Services tailored to the child and family:**
   a. The unique strengths and needs of children and their families dictate the type, mix, and intensity of behavioral health services provided, and
   b. Parents and children are encouraged and assisted to articulate their own strengths and needs, the goals they are seeking, and what services they think are required to meet these goals.

9. **Stability:**
   a. Behavioral health service plans strive to minimize multiple placements,
   b. Service plans identify whether a class member is at risk of experiencing a placement disruption and, if so, identify the steps to be taken to minimize or eliminate the risk,
   c. Behavioral health service plans anticipate crises that might develop and include specific strategies and services that will be employed if a crisis develops,
   d. In responding to crises, the behavioral health system uses all appropriate behavioral health services to help the child remain at home, minimize placement disruptions, and avoid the inappropriate use of the police and the criminal justice system, and
   e. Behavioral health service plans anticipate and appropriately plan for transitions in children’s lives, including transitions to new schools and new placements, and transitions to adult services.

10. **Respect for the child and family’s unique cultural heritage:**
    a. Behavioral health services are provided in a manner that respects the cultural tradition and heritage of the child and family, and
    b. Services are provided in Spanish to children and parents whose primary language is Spanish.
11. Independence:
   a. Behavioral health services include support and training for parents in meeting their child’s behavioral health needs, and support and training for children in self-management, and
   b. Behavioral health service plans identify parents’ and children’s need for training and support to participate as partners in the assessment process, and in the planning, delivery, and evaluation of services, and provide that such training and support, including transportation assistance, advance discussions, and help with understanding written materials, will be made available.

12. Connection to natural supports:
   a. The behavioral health system identifies and appropriately utilizes natural supports available from the child and parents’ own network of associates, including friends and neighbors, and from community organizations, including service and religious organizations.

Nine guiding principles for recovery-oriented adult behavioral health services and systems

1. **Respect**—Respect is the cornerstone. Meet the person where they are without judgment, with great patience and compassion.

2. **Persons in recovery choose services and are included in program decisions and program development efforts**—A person in recovery has choice and a voice. Their self-determination in driving services, program decisions and program development is made possible, in part, by the ongoing dynamics of education, discussion, and evaluation, thus creating the “informed consumer” and the broadest possible palette from which choice is made. Persons in recovery should be involved at every level of the system, from administration to service delivery.

3. **Focus on individual as a whole person, while including and/or developing natural supports**—A person in recovery is held as nothing less than a whole being: capable, competent, and respected for their opinions and choices. As such, focus is given to
empowering the greatest possible autonomy and the most natural and well-rounded lifestyle. This includes access to and involvement in the natural supports and social systems customary to an individual’s social community.

4. **Empower individuals taking steps towards independence and allowing risk taking without fear of failure**—A person in recovery finds independence through exploration, experimentation, evaluation, contemplation and action. An atmosphere is maintained whereby steps toward independence are encouraged and reinforced in a setting where both security and risk are valued as ingredients promoting growth.

5. **Integration, collaboration, and participation with the community of one’s choice**—A person in recovery is a valued, contributing member of society and, as such, is deserving of and beneficial to the community. Such integration and participation underscores one’s role as a vital part of the community, the community dynamic being inextricable from the human experience. Community service and volunteerism is valued.

6. **Partnership between individuals, staff and family members/natural supports for shared decision making with a foundation of trust**—A person in recovery, as with any member of a society, finds strength and support through partnerships. Compassion-based alliances with a focus on recovery optimization bolster self-confidence, expand understanding in all participants and lead to the creation of optimum protocols and outcomes.

7. **Persons in recovery define their own success**—A person in recovery—by their own declaration—discovers success, in part, by quality of life outcomes, which may include an improved sense of well being, advanced integration into the community, and greater self-determination. Persons in recovery are the experts on themselves, defining their own goals and desired outcomes.

8. **Strengths-based, flexible, responsive services reflective of an individual’s cultural preference**—A person in recovery can expect and deserves flexible, timely and responsive services that are accessible, available, reliable, accountable and sensitive to cultural values and mores. A person in recovery is the source of his/her own strength and resiliency. Those who serve as supports and facilitators identify, explore and serve to optimize demonstrated strengths in the individual as tools for generating greater autonomy and effectiveness in life.

9. **Hope is the foundation for the journey towards recovery**—A person in recovery has the capacity for hope and thrives best in associations that foster hope. Through hope, a future of possibility enriches the life experience and creates the environment for uncommon and unexpected positive outcomes to be made real. A person in recovery is held as boundless in potential and possibility.

### Serious mental illness evaluation and determination

MCC of AZ has contracted providers who complete a Serious Mental Illness (SMI) evaluation when a member, family member, provider or any community agency asks for one. You must be at least 17 1/2 years old to have an SMI evaluation. The provider conducting the SMI evaluation will get a written consent from you or your healthcare decision maker before the assessment. You or your healthcare decision maker will also be given information on your rights as well as the appeal
To be eligible for SMI services, you need to have both a qualifying SMI diagnosis and functional impairment, which is caused from the diagnosis.

MCC of AZ has in-network providers who are qualified to conduct SMI evaluations. If you or a healthcare decision maker needs help finding a qualified provider, please call Member Services at 1-800-424-5891 (TTY 711). Once you ask for an SMI evaluation, the qualified provider will schedule an appointment for you. Your appointment will be scheduled no later than seven (7) business days from the date you called and asked for the evaluation.

If you are in an inpatient psychiatric hospital, the hospital staff can help you ask for an SMI evaluation. The SMI evaluation will happen while you are in the hospital. Information from your stay will be used to complete your SMI determination.

After the evaluation is completed, the provider will submit all information to Crisis Response Network (CRN). CRN is a statewide provider that performs SMI eligibility determinations throughout Arizona.

CRN will send you a letter in the mail within three (3) business days from the date you met with the qualified provider to complete the evaluation to let you know the final decision on your SMI evaluation. This is called a Notice of Decision. If you are not determined to be SMI-eligible, this letter will tell you why. You have the right to appeal this decision. To file an appeal, please contact CRN by phone at 1-855-832-2866. You can also write them and mail your appeal to:

Crisis Response Network  
1295 W Washington St, Suite 201  
Tempe, AZ 85281

The Notice of Decision letter will include information about your member rights and how to appeal the SMI decision.

If the member is designated SMI, MCC of AZ will coordinate with the responsible Regional Behavioral Health Authority (RBHA) to make sure the member has a smooth transition.

Members who are determined to have a Serious Mental Illness and who are enrolled in one health plan for both physical health and behavioral health services may request a different plan for their physical health services. This is called an opt-out process. A member can only request to opt-out for certain reasons. To ask for an opt-out, the member shall show harm or unfair treatment in:
1. Getting healthcare,
2. Receiving quality healthcare,
3. Protecting member privacy and rights, or
4. Choosing a provider.

If you would like to ask for an opt-out, contact Member Services at 1-800-424-5891 (TTY 711) Monday through Friday from 8 a.m. to 6 p.m. local time.

If the member is not designated SMI, they will stay with MCC of AZ for all covered behavioral health services.
Multi-Specialty Interdisciplinary Clinic (MSIC)

An MSIC is a clinic where specialists from different specialties meet with children and their families to provide complete care.

There are different types of providers and services at the MSIC, including:
- Family practice—this is a primary care provider
- Physical therapy—therapy to help you treat pain through movement and exercises
- Occupational therapy—therapy to help you learn or relearn everyday activities
- Speech therapy—therapy to help you learn to speak, swallow and eat
- Audiology—providers who treat hearing loss and hearing conditions
- Plastic surgery—providers who help repair and reconstruct a person’s skin
- Orthopedics—providers who treat bones and joints
- Neurology—providers who treat things related to the nervous system and your brain

How to make, change or cancel an appointment at an MSIC

To make an appointment at an MSIC, call the phone number listed for the office. Let them know what type of appointment your child needs, and they’ll help schedule your child’s appointment.

Make sure you keep your appointment. Write it down on your calendar or make a note so you remember the date and time. If something comes up and you aren’t able to see the provider on that day, call as soon as you know to reschedule your appointment.

If you need help making your appointment or need help getting a ride to your visit, call Member Services at 1-800-424-5891 (TTY 711).

Children’s Rehabilitative Services (CRS) program

What is CRS?

Children’s Rehabilitative Services (CRS) is a designation given to certain AHCCCS members who have qualifying health conditions. Members with a CRS designation can get the same AHCCCS-covered services as non-CRS members, and are able to get care in the community or in clinics called multi-specialty interdisciplinary clinics (MSIC).

MSICs bring many specialty providers together in one location. Your health plan will assist a member with a CRS designation with closer care coordination and monitoring to make sure special healthcare needs are met.

Eligibility for a CRS designation is determined by the AHCCCS Division of Member Services (DMS).

Who is eligible for a CRS designation?

AHCCCS members may be eligible for a CRS designation when they are:
- Under age 21
- Have a qualifying CRS medical condition

The medical condition must:
- Require active treatment
- Be found by AHCCCS DMS to meet criteria as specified in R9-22-1301-1305

Anyone can fill out a CRS application, including a family member, doctor, or health plan representative. To apply for a CRS designation, mail or fax:
- A completed CRS application
- Medical documentation that supports that the applicant has a CRS qualifying condition that requires active treatment

MCC of AZ will give medically necessary care for physical and behavioral health services and care for the CRS condition.
There are some treatments, services and drugs that you need to get approval for before you get them or continue receiving them. This is called a prior authorization. You, your doctor, or someone you trust can ask for a prior authorization. An approval helps let us know if certain services or procedures are medically needed.

MCC of AZ discusses some services with your providers before you get them to make sure they are appropriate and needed. Your provider will help you in getting a service authorized from MCC of AZ when services need to have an authorization in place.

Some examples of services that need prior authorization are outpatient surgeries, medical supplies (i.e. wheelchairs), a stay in the hospital, pain management, transplants, orthotics and prosthetics. If you have any questions about what needs a prior authorization, call Member Services at 1-800-424-5891 (TTY 711).

Many services don’t need an authorization. MCC of AZ does not reward providers or our own staff for denying coverage or services.

Decisions are based on what is right for each member and on the type of care and services that are needed.

We look at standards of care based on:

• Medical policies
• National clinical guidelines
• Medicaid guidelines
• Your health benefits

Magellan Complete Care of Arizona does not reward employees, consultants, or other providers to:

• Deny care or services that you need
• Support decisions that approve less than what you need
• Say you don’t have coverage

An authorization is not a guarantee of payment. Members must be eligible at the time services are rendered. Services must be a covered health plan benefit and medically necessary with a prior authorization as per plan policy and procedures. It is the responsibility of the member/provider to check for changes in the prior authorization requirements.

After we get your request

MCC of AZ has a review team to be sure you receive medically necessary services. Doctors and nurses are on this team. Their job is to be sure the treatment or service you asked for is medically needed and right for you. They do this by checking your treatment plan against medically acceptable standards.
The standards we use to determine what is medically necessary are not allowed to be more limiting than those that are used by AHCCCS. Any decision to deny a service authorization request or to approve it for an amount that is less than requested is called an adverse benefit determination (decision). These decisions will be made by a qualified healthcare professional.

If we decide that the requested service is not medically necessary, the decision will be made by a medical or behavioral health professional who may be a doctor or other healthcare professional that typically provides the care you requested.

You can request the specific medical standards, called clinical review criteria, used to make the decision for actions related to medical necessity.

After we get your request, we will review it under a standard or expedited (fast) review process. You or your doctor can ask for an expedited review if you think that a delay will cause serious harm to your health.

If your request for an expedited review is denied, we will tell you and your case will be reviewed under the standard review process.
Time frames for service authorization decisions

Standard requests

MCC of AZ issues service authorizations for medicines no later than 24 hours from the time we get the request, even if the due date falls on a weekend or a holiday. If we need more information, we will ask for the additional information from the prescriber within 24 hours. The final decision will be sent no later than seven business days from the date of the request.

MCC of AZ issues service authorization decisions on requests that are not related to prescriptions as quickly as the member’s condition requires, but no later than 14 calendar days from the initial request. If we need more information to make a decision, we may issue a notice of extension for an additional 14 calendar days.

Expedited requests

MCC of AZ issues expedited service authorizations as quickly as the member’s health condition requires, but no later than 72 hours from the date of receipt, even if the date falls on a weekend or holiday. We may issue a notice of extension for an additional 14 calendar days if MCC of AZ needs more time to review your request. For information on the criteria we use to make this decision, please call Member Services at 1-800-424-5891 (TTY 711) Monday through Friday from 8 a.m. to 6 p.m. local time.

If the expedited request doesn’t meet the requirements for an expedited review, we may treat your request as a standard request. If you disagree with this decision, you may file a grievance either by calling Member Services or mailing your grievance to:

Magellan Complete Care of Arizona
Attn: Grievance and Appeals
4801 E. Washington St., Suite 225
Phoenix, AZ 85034

If we do not meet the time frames for making a decision, your request is denied and you will get a Notice of Adverse Benefit Determination (NOA). This letter will explain your rights to file an appeal.

For information about the prior authorization process, time frames for making a decision and your rights, please call Member Services at 1-800-424-5891 (TTY 711) Monday through Friday from 8 a.m. to 6 p.m. local time.
Information on restrictions on freedom of choice

You have the right to choose what provider you work with. See the Your Primary Care Provider section and the Seeing a Specialist section to find out how to find a provider. Sometimes providers may not be accepting new patients because they have already reached their patient limit. In this case, we’ll work with you to help you find a provider who is accepting new patients.
Copayments

Some people who get AHCCCS Medicaid benefits are asked to pay copayments for some of the AHCCCS medical services that they receive.

*Note: Copayments referenced in this section means copayments charged under Medicaid (AHCCCS). It does not mean a person is exempt from Medicare copayments.

The following persons are not asked to pay copayments:

- People under age 19,
- People determined to be Seriously Mentally Ill (SMI),
- An individual designated eligible for Children’s Rehabilitative Services (CRS) pursuant to as Title 9, Chapter 22, Article 13.,
- ACC, CMDP, and RBHA members who are residing in nursing facilities or residential facilities such as an Assisted Living Home and only when member’s medical condition would otherwise require hospitalization. The exemption from copayments for these members is limited to 90 days in a contract year,
- People who are enrolled in the Arizona Long Term Care System (ALTCS),
- People who are Qualified Medicare Beneficiaries,
- People who receive hospice care,
- American Indian members who are active or previous users of the Indian Health Service, tribal health programs operated under Public Law 93-638, or urban Indian health programs,
- People in the Breast and Cervical Cancer Treatment Program (BCCTP),
- People receiving child welfare services under Title IV-B on the basis of being a child in foster care or receiving adoption or foster care assistance under Title IV-E regardless of age,
- People who are pregnant and throughout postpartum period following the pregnancy, and
- Individuals in the adult Group (for a limited time**).

**Note: For a limited time, persons who are eligible in the Adult Group will not have any copays. Members in the Adult Group include persons who were transitioned from the AHCCCS Care program as well as individuals who are between the ages of 19–64, and who are not entitled to Medicare, and who are not pregnant, and who have income at or below 133% of the Federal Poverty Level (FPL) and who are not AHCCCS eligible under any other category. Copays for persons in the Adult Group with income over 106% FPL are planned for the future. Members will be told about any changes in copays before they happen.
In addition, copayments are not charged for the following services for anyone:

- Hospitalizations,
- Emergency services,
- Family Planning services and supplies,
- Pregnancy related health care and health care for any other medical condition that may complicate the pregnancy, including tobacco cessation treatment for pregnant women,
- Preventive services, such as well visits, pap smears, colonoscopies, mammograms and immunizations,
- Provider preventable services, and
- Services received in the emergency department.

People with optional (non-mandatory) copayments

Individuals eligible for AHCCCS through any of the programs below may be charged non-mandatory copays, unless:
1. They are receiving one of the services above that cannot be charged a copay, or
2. They are in one of the groups above that cannot be charged a copay.

Non-mandatory copays are also called optional copays. If a member has a non-mandatory copay, then a provider cannot deny the service if the member states that s/he is unable to pay the copay. Members in the following programs may be charged non-mandatory copay by their provider:

- AHCCCS for Families with Children (1931),
- Young Adult Transitional Insurance (YATI) for young people in foster care,
- State Adoption Assistance for Special Needs Children who are being adopted,
- Receiving Supplemental Security Income (SSI) through the Social Security Administration for people who are age 65 or older, blind or disabled,
- SSI Medical Assistance Only (SSI MAO) for individual who are age 65 or older, blind or disabled,
- Freedom to Work (FTW).

Ask your provider to look up your eligibility to find out what copays you may have. You can also find out by calling Magellan Complete Care of Arizona member services. You can also check the Magellan Complete Care of Arizona website for more information.

AHCCCS members with non-mandatory copays may be asked to pay the following non-mandatory copayments for medical services:

Optional (non-mandatory) copayment amounts for some medical services

<table>
<thead>
<tr>
<th>Service</th>
<th>Copayment</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prescriptions</td>
<td>$2.30</td>
</tr>
<tr>
<td>Out-patient services for physical, occupational and speech therapy</td>
<td>$2.30</td>
</tr>
<tr>
<td>Doctor or other provider outpatient office visits for evaluation and management of your care</td>
<td>$3.40</td>
</tr>
</tbody>
</table>
Medical providers will ask you to pay these amounts but will **NOT** refuse you services if you are unable to pay. If you cannot afford your copay, tell your medical provider you are unable to pay these amounts so you will not be refused services.

**People with required (mandatory) copayments**

Some AHCCCS members have required (or mandatory) copays unless they are receiving one of the services above that cannot be charged a copay or unless they are in one of the groups above that cannot be charged a copay. Members with required copays will need to pay the copays in order to get the services. Providers can refuse services to these members if they do not pay the mandatory copays. Mandatory copays are charged to persons in Families with Children that are no Longer Eligible Due to Earnings—also known as Transitional Medical Assistance (TMA).

Adults on TMA have to pay required (or mandatory) copays for some medical services. If you are on the TMA Program now or if you become eligible to receive TMA benefits later, the notice from DES or AHCCCS will tell you so. Copays for TMA members are listed below.

**Required (mandatory) copayment amounts for persons receiving TMA benefits**

<table>
<thead>
<tr>
<th>Service</th>
<th>Copayment</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prescriptions</td>
<td>$2.30</td>
</tr>
<tr>
<td>Doctor or other provider outpatient office visits for evaluation and</td>
<td>$4.00</td>
</tr>
<tr>
<td>management of your care</td>
<td></td>
</tr>
<tr>
<td>Physical, Occupational and Speech Therapies</td>
<td>$3.00</td>
</tr>
<tr>
<td>Outpatient Non-emergency or voluntary surgical procedures</td>
<td>$3.00</td>
</tr>
</tbody>
</table>

Pharmacists and Medical Providers can refuse services if the copayments are not made.

**5% Limit on all copayments**

The amount of total copays cannot be more than 5% of the family’s total income (before taxes and deductions) during a calendar quarter (January through March, April through June, July through September, and October through December). The 5% limit applies to both nominal and required copays.

AHCCCS will track each member’s specific copayment levels to identify members who have reached the 5% copayment limit. If you think that the total copays you have paid are more than 5% of your family’s total quarterly income and AHCCCS has not already told you this has happened, you should send copies of receipts or other proof of how much you have paid to **AHCCCS, 801 E. Jefferson, Mail Drop 4600, Phoenix, Arizona 85034**.

If you are on this program but your circumstances have changed, contact your local DES office to ask them to review your eligibility. Members can always request a reassessment of their 5% limit if their circumstances have changed.

**Note:** MCC of AZ members are exempt from all Medicaid copayments.
If you get non-covered services

We cover your services when you are enrolled with our plan and:
• Services are medically necessary
• Services are listed as Benefits Covered through MCC of AZ in the Covered Benefits section of this handbook
• You receive services by following plan rules

If you get services that aren’t covered by our plan or covered through AHCCCS, you must pay the full cost of these services yourself. If you are not sure and want to know if we will pay for any medical service or care, you have the right to ask us.

You can call Member Services at 1-800-424-5891 (TTY 711) or your care manager to find out more about services and how to get them.

You also have the right to ask for this information in writing. If we say we will not pay for your services, you have the right to appeal our decision. The Appeals section of this handbook provides instructions for how to appeal MCC of AZ’s coverage decisions.

You may also call Member Services to learn more about your appeal rights or to get help filing an appeal.

If you get a bill for services

You should never be billed for covered services. If you get a bill for a covered service:
• Do not pay the bill yourself
• Call the provider’s office and give them your insurance information and ask them to bill us

If you continue to get bills or if you pay a bill, call Member Services at 1-800-424-5891 (TTY 711) or write us and let us know. We will contact the provider and tell them to stop billing you and get your money back. If you want to write us, mail your letter to:
Magellan Complete Care of Arizona
4801 E. Washington St., Suite 225
Phoenix, AZ 85034

When can you be billed for services?

If you agree to pay for services that are not covered by us, talk to your doctor about payment options. If you ask for a service that is not a covered benefit and you sign a statement agreeing to pay the bill, you will have to pay the bill.
Third-party liability

Members enrolled in Medicaid, determined by AHCCCS as having comprehensive health coverage other than Medicare, will be eligible for enrollment in the Complete Care program, as long as no other exclusion applies.

Members who have Medicare or any other health insurance after enrollment in the Complete Care program stay enrolled in the program.

MCC of AZ will help coordinate all covered benefits with any other insurance carriers you may have (as applicable) and follow Medicaid “payer of last resort” rules. The “payor of last resort” rules means that we’ll cover your deductibles and coinsurance up to the maximum allowable reimbursement amount that would have been paid if you didn’t have another insurance plan.

When the Third-Party Liability (TPL) payer is a commercial MCO/HMO organization, that MCO/HMO is responsible for the full member copayment amount. You won’t have to pay for any Medicaid-covered services.
Medicare and other insurance

If you have other insurance or Medicare, make sure you let us know. This doesn’t change the benefits you will get from your AHCCCS Complete Care plan but will let us help you understand your benefits.

If you have Medicare or other insurance, your PCP will be assigned by that plan. We will help you coordinate your care between your other health insurance and your MCC of AZ benefits.

Members who have AHCCCS and Medicare are called “dual eligible.” MCC of AZ may help pay your coinsurance and deductibles if you use Medicare providers that are in the MCC of AZ network.

Tell your doctor if you have other insurance and bring all of your member ID cards to your appointments. Your other insurance or Medicare is your primary insurance. You must use your primary insurance first. Do not pay the provider directly. If you pay for AHCCCS-covered services directly, we won’t be able to reimburse you.

Medicare drug coverage

AHCCCS does not pay for any cost-sharing, coinsurance, deductibles, or copayments for medications that are eligible for coverage under Medicare Part D. AHCCCS may cover drugs that are excluded from coverage under Medicare Part D based on medical necessity. Medicaid does not cover medications covered by Medicare Part D and does not pay for Medicare copayments, coinsurance, or the deductible for Medicare Part D medications. AHCCCS covers medications that are excluded from coverage under Medicare Part D when medically necessary. An excluded drug is a medication that is not eligible for coverage under Medicare Part D. AHCCCS may cover some medications that are over the counter. Refer to the MCC of AZ Over-the-Counter Drug List on our website at www.MCCofAZ.com for a list of products available. You can also call Member Services to request a printed copy. For more information on over-the-counter medicine(s), please go to www.mccofaz.com/for-members/member-materials-and-forms/.

MCC of AZ decides if a service that needs a prior authorization will be covered based on the information given by your provider. Prior authorization does not guarantee payment to your provider. Payment is based on the accuracy of the information from your provider. Your provider will tell you if your service is approved. If the service is denied, MCC of AZ will send you a letter called a Notice of Adverse Benefits Determination.

Decisions about prior authorizations are made based on whether or not a doctor has an urgent request for service. An urgent request for service would be used if the standard time frame could affect your life or health. The decision would be made within 72 hours.

If it is a standard request for services, it would be completed as quickly as your condition requires, but no later than 14 calendar days from the date of the request.

Pharmacy prior authorization requests are made no more than 24 hours from the date of the request.
MCC of AZ may extend the time frame on your behalf to make a prior authorization decision for standard and expedited service requests when the member or provider (with written consent of the member) asks for an extension. MCC of AZ may also extend the time frame if we justify the need for additional information to make a decision.
Grievances, appeals and State Fair Hearings

Your right to file a grievance

If you are not happy with us, your provider, or your services for any reason, you or someone who can act for you can tell us. We want to hear from you. The problem or concern you are calling about will be handled as a grievance (another word for complaint). There are several ways you can file a grievance:

By phone: Call Member Services at 1-800-424-5891 (TTY 711) Monday through Friday from 8 a.m. to 6 p.m. local time.

By email: Email MCCAZCustomerService@magellanhealth.com

By mail: Send a letter to:
Magellan Complete Care of Arizona
Attn: Grievance Coordinator
4801 E. Washington St., Suite 225
Phoenix, AZ 85034

Call us if you need help with filing a grievance.

Grievance process

MCC of AZ will send you a letter to let you know we received and are working on your grievance. We will try our best to deal with your concerns as quickly as possible. We will resolve your issue within 10 business days and send you a letter with our answer.

If we need information, we may take up to 90 days to resolve the grievance.

If your complaint is about a Notice of Adverse Benefit Determination sent to you by MCC of AZ, or you don’t understand the notice, MCC of AZ will do a review to make sure it is clear and correct. If it is not correct, we will send a corrected notice.

The time frame for your appeal and continuation of services will start from the date of the corrected notice.
External grievance process

You can make a complaint about MCC of AZ to AHCCCS Medical Management by sending an email to MedicalManagement@azahcccs.gov.

You can make a complaint to the Department of Health and Human Services’ Office for Civil Rights if you think you have not been treated fairly. For example, you can make a complaint about disability access or language assistance. You can also visit www.hhs.gov/ocr for more information.

Office of Civil Rights- Region III
Department of Health and Human Services
150 S Independence Mall West Suite 372
Public Ledger Building
Philadelphia, PA 19106

1-800-368-1019
Fax: 215-861-4431
TDD: 1-800-537-7697

Your right to appeal

If we do not give your doctor an okay for a service, or if a service is reduced or ended, we will send you a Notice of Adverse Benefit Determination (refer to the Authorization Request section of this handbook) that tells you why.

If you disagree with our decision, you can file an appeal asking us to take a second look. We will not treat you or your provider unfairly because you file an appeal.

Some reasons you might file an appeal are:
• You received a denial of services—this could be either a full or partial denial
• Care that was previously approved has been reduced or stopped
• You received a denial of payment for a service—either whole or in part
• You did not get services in a timely manner
• Your grievance, appeal or request for a State Fair Hearing was not completed in the stated time frame
• Members in a rural area did not get the out-of-network provider approval and there is no other provider in the rural area
How to file an appeal

You can file an appeal within 60 days of the date on the Notice of Adverse Benefit Determination (this is the letter you will get from us in the mail). There are several ways you can file an appeal:

By phone: Call Member Services at 1-800-424-5891 (TTY 711) Monday through Friday from 8 a.m. to 6 p.m. local time.

By email: Email MCCAZCustomerService@magellanhealth.com

By mail: Send a letter to:
Magellan Complete Care of Arizona
Attn: Grievance Coordinator
4801 E. Washington St., Suite 225
Phoenix, AZ 85034

If you call us, you must also write to us within 10 days unless you are asking for an expedited appeal. If you choose to have someone else (like a family member or your provider) file the grievance on your behalf, we will need your written permission.

Call us if you need help with filing an appeal.

Standard appeal process

We will send a letter to let you know we have received and are working on your appeal. Appeals of clinical matters will be decided by qualified healthcare professionals who did not make the first decision and who have experience in the area of your condition or disease.

The services that you are getting may continue if you file the appeal within 10 days of the date on the Notice of Adverse Benefit Determination or by the date the change in services is scheduled to happen. If your appeal results in another denial and AHCCCS agrees with our decision, you may have to pay for the cost of any continued benefits that you received.

Before and during the appeal, you or your authorized representative can provide more information and see your case file, including medical records and any other documents being used to make a decision on your case. This information is available at no cost to you.

If we have all the information we need, we will make our decision within 30 days of when we get your appeal request. A written letter, called a Notice of Appeal Resolution, with our decision will be sent within three business days from when we make the decision.

You can ask for an extension of up to 14 days. Or MCC of AZ may request an extension for up to 14 days if we need more information.

We will call you to tell you and send written notice within two calendar days of the reason for the decision to extend the time frame.

You have the right to file a grievance if you disagree with the extension.

If you do not agree with MCC of AZ’s decision on your appeal, you can request a State Fair Hearing.
Expedited appeals
If you need a decision right away, please let us know it is urgent. This happens when your health status is in danger. If we have all the information we need, we will give you an answer within 72 hours of your request. While you wait for our answer, you can continue to get care.

However, if the final decision is not in your favor, you may have to pay for the care. We will tell you our decision by phone and send a written Notice of Appeal Resolution within one business day from when we make the decision.

If we decide that your appeal should not be expedited, we will call you to tell you and send written notice within two calendar days of the reason for the decision. MCC of AZ will then resolve your appeal within the standard appeal time frames.

If you do not agree with MCC of AZ’s decision on your appeal, you can request for an expedited State Fair Hearing.

State Fair Hearing request
If you do not agree with MCC of AZ’s decision of your appeal, you or your authorized representative can ask for a State Fair Hearing in writing within 120 days from the date you get on the Notice of Appeal Resolution letter from us.

Information about how to ask for a State Fair Hearing will come with the Notice of Appeal Resolution letter.

To ask for a State Fair Hearing in writing, you can send a letter to:

Magellan Complete Care of Arizona  
Attn: Appeals Coordinator  
4801 E. Washington St., Suite 225  
Phoenix, AZ 85034

AHCCCS will send you information about next steps in a Notice of Hearing. The services that you are getting may continue if you request a State Fair Hearing within 10 days of the date on the appeal decision letter from MCC of AZ.

We will not treat you or your provider unfairly because you file request a State Fair Hearing.

MCC of AZ will send AHCCCS information about your case. If AHCCCS decides that MCC of AZ’s decision was correct, you may have to pay for services you received during the State Fair Hearing process.

If AHCCCS decides that our decision was not correct, MCC of AZ will authorize and pay for services promptly.
Magellan Complete Care of Arizona follows the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and the federal law for Confidentiality of Substance Use Disorder Patient Records (42 CFR Part 2). We have rules to protect your health information (PHI).

This includes oral, written and electronic PHI. Examples of information that will be protected:

- Member name
- Member ID number
- Member address
- Member telephone
- Social Security number
- Date of birth
- Health status
- Name of the doctors that provide you care

The Notice of Privacy Practices lists your rights under HIPAA. You have the right to see, correct and get copies of your PHI. MCC of AZ can use PHI for health plan activities. This includes paying doctor bills or the care we give you.

We may have to share this information if required by state or federal law.

If you qualify for care management, your care manager will go over the Authorization to Use and Disclose Information (AUD) form. This form asks if you want to share your information with other people to coordinate all of your healthcare.

Your care manager will give you the form or you can call Member Services. You can cancel your permission at any time.

If you need help with completing the form, please call Member Services toll free at 1-800-424-5891 (TTY 711).

**Release of information on sensitive conditions**

Release of information about protected and sensitive conditions and services, including substance use treatment, hepatitis C, HIV/AIDS and psychotherapeutic services need specific release from you prior to sharing with other providers.

The Magellan Complete Care of Arizona Authorization to Use and Disclose Protected Health Information (AUD) form is used to indicate the conditions for which release is permitted. This form can be found at [www.MCCofAZ.com](http://www.MCCofAZ.com).
School health services

Some school health services including certain medical, mental health, hearing or rehabilitation therapy services may be provided by local schools or other state agencies.

The law requires schools to provide students with disabilities a no-cost and appropriate public education, including special education and related services according to each student’s Individualized Education Program (IEP). While schools are financially responsible for educational services, in the case of a Medicaid-eligible student, part of the costs of the services identified in the student’s IEP may be covered by Medicaid.

MCC of AZ care managers will work with you, schools and state agencies to coordinate the delivery of these services. Contact your child’s school, the state agency, or your care manager if you have questions about these services.

Coordination of care with other state agencies

MCC of AZ may coordinate your care with other state agencies as needed to ensure you get the best quality of care. Other state agencies may include but are not limited to:

- Arizona Department of Child Safety (DCS)
- Arizona Department of Education (ADE)
- Arizona Department of Economic Security/Rehabilitation Services Administration (ADES/RSA)
- Courts
- Correction systems
- Department of Economic Security (DES)

MCC of AZ will only release information that is about your care. Information about substance use, hepatitis C and HIV/AIDS will only be released if there is a signed consent form from you giving permission to release this information. MCC of AZ releases your information so we can make sure all parties involved have the same information. It also allows us to help you get additional services that are listed in your treatment plans.
What is fraud, waste and abuse?

• Fraud refers to a false action that is used to gain something of value
• Waste is the misuse of services
• Abuse refers to overused or unneeded services

We are dedicated to conducting business in a legal manner. We are committed to preventing, detecting and reporting fraud, waste and abuse. Also, the AHCCCS Office of Inspector General (AHCCCS OIG) wants to prevent fraud, waste and abuse. They check on anybody including members, providers and vendors who may be trying to commit fraud, waste or abuse against the Medicaid program. Under law, there is a penalty for fraud and abuse. They also:
• Recover overpayments
• Issue warnings
• Send possible fraud cases for investigation

Examples of fraud, waste and abuse include:
• Medical services that are not needed
• Billing for services that were not provided
• Billing for services not covered by Medicaid
• Billing twice for the same service
• Using a billing code to get extra payments
• Using another person’s identity to get Medicaid services
• Making false documents by changing:
  – The date of service for a claim
  – Prescriptions
  – Medical records
  – Referral forms
• Paying or taking a bribe
How to report fraud, waste and abuse

If you think someone or a provider is committing fraud, waste and abuse, please report it. The Magellan Complete Care Corporate Compliance Hotline is available 24 hours a day, 7 days a week. It is handled by an outside company.

Callers do not have to give their names. All calls will be investigated and will remain confidential.

- Corporate Compliance Hotline: 1-800-915-2108
- Compliance Unit Email: Compliance@MagellanHealth.com
- Magellan Complete Care Special Investigation Unit at 1-877-269-7624
- You can also contact Magellan’s Corporate Special Investigations Unit at 1-800-755-0850 or SIU@MagellanHealth.com

More information is available at www.oig.hhs.gov/fraud or www.azahcccs.gov/Fraud/ReportFraud/.

Help quitting tobacco

We have resources to help you quit using tobacco. These resources provide you support in quitting for good.

ASHLine – Arizona Smokers’ Helpline

A no-cost phone and online resource 24/7 to help you quit tobacco. Call 1-800-556-6222 (TTY 711) or visit www.ashline.org to get help.

With this resource, you get:
- A no-cost coach to talk to about quitting tobacco
- Access to online resources
- Text message coaching to get help right from your phone

Tobacco Free Arizona

Visit this helpful Arizona Department of Health Services website to find more about the Tobacco Free Arizona campaign. You’ll find out more about the program and tools to help you quit.

Visit www.azdhs.gov/prevention/tobacco-chronic-disease/tobacco-free-az/index.php to use the tools and resources.

Advocacy resources

Here are some resources that you can contact to help promote your health and access to healthcare. Advocacy groups help promote your rights. They help you understand your rights as a member and patient.

To use these resources, call the number or visit the website listed. If you need help contacting one of these groups, call Member Services at 1-800-424-5891 (TTY 711).

Glossary of terms

Managed care terms

Appeal—To ask for review of a decision that denies or limits a service.

Copayment—Money a member is asked to pay for a covered health service, when the service is given.

Durable Medical Equipment—Equipment and supplies ordered by a healthcare provider for a medical reason for repeated use.

Emergency medical condition—An illness, injury, symptom or condition (including severe pain) that a reasonable person could expect that not getting medical attention right away would:
• Put the person’s health in danger
• Put a pregnant woman’s baby in danger
• Cause serious damage to bodily functions
• Cause serious damage to any body organ or body part

Emergency medical transportation—See EMERGENCY AMBULANCE SERVICES

Emergency ambulance services—Transportation by an ambulance for an emergency condition.

Emergency room care—Care you get in an emergency room.

Emergency services—Services to treat an emergency condition.

Excluded services—See EXCLUDED

Excluded—Services that AHCCCS does not cover. Examples are services that are:
• Above a limit
• Experimental
• Not medically needed

Grievance—A complaint that the member communicates to their health plan. It does not include a complaint for a health plan’s decision to deny or limit a request for services.

Habilitation services and devices—See HABILITATION

Habilitation—Services that help a person get and keep skills and functioning for daily living.

Health insurance—Coverage of costs for healthcare services.

Home healthcare—See HOME HEALTH SERVICES

Home health services—Nursing, home health aide and therapy services; and medical supplies, equipment and appliances a member receives at home based on a doctor’s order.
**Hospice services**—Comfort and support services for a member deemed by a physician to be in the last stages (six months or less) of life.

**Hospital outpatient care**—Care in a hospital that usually does not require an overnight stay.

**Hospitalization**—Being admitted to or staying in a hospital.

**Medically necessary**—A service given by a doctor or licensed health practitioner that helps with health problem, stops disease, disability, or extends life.

**Network**—Physicians, healthcare providers, suppliers and hospitals that contract with a health plan to give care to members.

**Non-participating provider**—See OUT OF NETWORK PROVIDER

**Out-of-network provider**—A healthcare provider that has a provider agreement with AHCCCS but does not have a contract with your health plan. You may be responsible for the cost of care for out-of-network providers.

**Participating provider**—See IN-NETWORK PROVIDER

**In-network provider**—A healthcare provider that has a contract with your health plan.

**Physician services**—Healthcare services given by a licensed physician.

**Plan**—See SERVICE PLAN

**Service plan**—A written description of covered health services, and other supports which may include:
* Individual goals
* Family support services
* Care coordination
* Plans to help the member better their quality of life

**Pre-authorization**—See PRIOR AUTHORIZATION

**Prior authorization**—Approval from a health plan that may be required before you get a service. This is not a promise that the health plan will cover the cost of the service.

**Premium**—The monthly amount that a member pays for health insurance. A member may have other costs for care including a deductible, copayments and coinsurance.

**Prescription drug coverage**—Prescription drugs and medications paid for by your health plan.

**Prescription drugs**—Medications ordered by a health care professional and given by a pharmacist.

**Primary care physician**—A doctor who is responsible for managing and treating the member’s health.

**Primary care provider (PCP)**—A person who is responsible for the management of the member’s
health care. A PCP may be a:
• Person licensed as an allopathic or osteopathic physician
• Practitioner defined as a physician assistant licensed
• Certified nurse practitioner

Provider—A person or group who has an agreement with AHCCCS to provide services to AHCCCS members.

Rehabilitation services and devices—See REHABILITATION

Rehabilitation—Services that help a person restore and keep skills and functioning for daily living that have been lost or impaired.

Skilled nursing care—Skilled services provided in your home or in a nursing home by licensed nurses or therapists.

Specialist—A doctor who practices a specific area of medicine or focuses on a group of patients.

Urgent care—Care for an illness, injury, or condition serious enough to seek immediate care, but not serious enough to require emergency room care.

Maternity care terms

Certified Nurse Midwife (CNM)—An individual certified by the American College of Nursing Midwives (ACNM) on the basis of a national certification examination and licensed to practice in Arizona by the State Board of Nursing. CNMs practice independent management of care for pregnant women and newborns, providing antepartum, intrapartum, postpartum, gynecological, and newborn care, within a health care system that provides for medical consultation, collaborative management, or referral.

Free-standing birthing centers—Out-of-hospital, outpatient obstetrical facilities, licensed by the ADHS and certified by the Commission for the Accreditation of Free Standing Birthing Centers. These facilities are staffed by registered nurses to provide assistance with labor and delivery services and are equipped to manage uncomplicated, low-risk labor and delivery. These facilities shall be affiliated with, and in close proximity to, an acute care hospital for the management of complications, should they arise.

High-risk pregnancy—Refers to a condition in which the mother, fetus, or newborn is, or is anticipated to be, at increased risk for morbidity or mortality before or after delivery. High-risk is determined through the use of the Medical Insurance Company of Arizona (MICA) or American College of Obstetricians and Gynecologists (ACOG) standardized medical risk assessment tools.

Licensed midwife—An individual licensed by the Arizona Department of Health Services (ADHS) to provide maternity care pursuant to A.R.S. Title 36, Chapter 6, Article 7 and A.A.C. R9-16 (This provider type does not include certified nurse midwives licensed by the Board of Nursing as a nurse practitioner in midwifery or physician assistants licensed by the Arizona Medical Board).
Maternity care—Includes identification of pregnancy, prenatal care, labor/delivery services, and postpartum care.

Maternity care coordination—Consists of the following maternity care related activities: determining the member’s medical or social needs through a risk assessment evaluation; developing a plan of care designed to address those needs; coordinating referrals of the member to appropriate service providers and community resources; monitoring referrals to ensure the services are received; and revising the plan of care, as appropriate.

Practitioner—Refers to certified nurse practitioners in midwifery, physician’s assistants, and other nurse practitioners. Physician’s assistants and nurse practitioners are defined in A.R.S. Title 32, Chapters 15 and 25 respectively.

Postpartum—Postpartum is defined as the period beginning the day of childbirth and ends the last day of the month up to the 57th day after childbirth.

Postpartum care—Health care provided for a period of up to 57 days post-delivery. Family planning services are included, if provided by a physician or practitioner, as addressed in AMPM Policy 420.

Preconception counseling—The provision of assistance and guidance aimed at identifying/reducing behavioral and social risks, through preventive and management interventions, in women of reproductive age who are capable of becoming pregnant, regardless of whether she is planning to conceive. This counseling focuses on the early detection and management of risk factors before pregnancy and includes efforts to influence behaviors that can affect a fetus prior to conception. The purpose of preconception counseling is to ensure that a woman is healthy prior to pregnancy. Preconception counseling is considered included in the well-woman preventative care visit and does not include genetic testing.

Prenatal care—The provision of health services during pregnancy which is composed of three major components:

1. Early and continuous risk assessment,
2. Health education and promotion, and
3. Medical monitoring, intervention, and follow-up.
